Qualifications

PhD (Psychology)	Monash University	2014 – 2017
Specialist Certificate in Clinical Research (Neuroscience)	The University of Melbourne	2013
Bachelor of Biomedical Science (Honours)	Monash University	2009 – 2012

Employment Summary

Research Fellow	School of Public Health and Preventive Medicine Monash University	2017 – Current
Freelance Writer	Various Outlets	2017 – Current
Casual Academic	Institute for Social Neuroscience Psychology	2019 – 2020
Adjunct Research Fellow	Faculty of Health, Art, and Design Swinburne University	2018 – 2019
Research Assistant	School of Psychology Australian Catholic University	2017 – 2019
Research Assistant	Monash Business School Monash University	2015 – 2017
Research Assistant	School of Psychological Sciences Monash University	2014 – 2017

Current Employment

Research Fellow 2017 – Current

School of Public Health and Preventive Medicine, Monash University

- Leading research relating to adult and paediatric burn injuries for the Burns Registry of Australia and New Zealand.
- Coordination and key contributor to several committees and working groups relating to running of registry.
- Oversight of day-to-day administrative, data collection, and database functions across 17 hospital sites from two countries.

Freelance Writer 2017 – Current

Creating news summaries, conference reports, and interviews for consumption by researchers and the general public

- Pain Research Forum – Interactive web community aiming to speed the rendering of new knowledge into novel therapies by improving information sharing and raising public interest in pain research.
- RELIEF – Sister site to Pain Research Forum, translating the full breadth and depth of pain research into easy to understand language and concepts for patients and the general public.
- BrainPost – Weekly newsletter delivering concise summaries of the latest neuroscience research direct to scientists and the public.
- Australian Pain Society eNewsletter and Blog – Key means of communication for a multidisciplinary organisation aiming to minimise pain and related suffering with its members and the general public.
